

What's on at the WAC

April 2022 edition

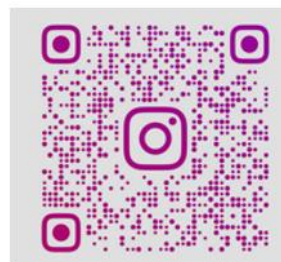

Welcome to the April update

- There is lots of new content on our social media pages. At your next parade night, please share the TikTok and Instagram QR codes so that your young people can see what other BB members have been up to.
- During the Early May Bank Holiday, a group of young people from the 2nd West Kent and 4th Bromley are undertaking their bronze DofE expedition by canoe. Good luck!
- Bookings for courses and trips can be made by BB companies, battalions, and individual young people. So if you can't make it as a group, share the dates with your young people and they can still have fun / get wet / get qualified (delete as appropriate for your group!)
- It's great to see so many young people booked to come out on the water, and our sessions are booking up fast, but we still have dates available. See below for details and get your booking in.
- In October we are looking to take a group of young people on a white water kayaking taster course. This will be for those that have progressed over the summer. Talk to us for more details.
- Congratulations Sammy, Sarah, Dan and Peter for completing their white water safety and rescue training. It's great to see people progressing whether it's the young people or the leaders.
- Finally, Club night is back, now meeting on Tuesday evenings 6pm onwards.
